

INT. APARTMENT - A MOMENT LATER

The bedroom closet is completely packed except for a few pairs of Shelby's shoes. Holding a glass of wine in one hand, Peggy stares at herself in a mirror and admires the way she looks in a pair of Shelby's shoes.

She swallows the last bit of wine then takes the shoes off and puts them in a box. She pulls the last pair of shoes out of a shoe rack and can't believe her eyes.

PEGGY

These are so me.

She tries them on and then stares at herself in the mirror again. Peggy doesn't realize Tony has entered.

PEGGY (CONT'D)

I wonder how much she paid for them...

TONY

They were on sale.

Startled, Peggy quickly turns around.

PEGGY

Oh my god, you scared me.

TONY

Sorry.

Peggy takes the shoes off and puts them in the box.

TONY (CONT'D)

You can wear them. She hates them. She wanted another pair but I wasn't going to spend that much money for a pair of shoes that she'll never wear.

PEGGY

How come she won't wear them?

TONY

They're going out shoes. I never take her anywhere she needs to wear them.

Peggy makes an awkward attempt to tape up the box.

PEGGY

Tony, you should take her out sometime.

TONY

Yeah, I know, but we have a kid now, so that's out of the question...

PEGGY

Yeah, I can't believe a...

TONY

What?

PEGGY

Nothing... I...

TONY

What?

Peggy doesn't know what to say.

TONY (CONT'D)

What are you doing here?

PEGGY

What? -- I came to help you guys move.

TONY

Bullshit.

PEGGY

What?

TONY

Are you trying fuck with me?

PEGGY

No, what are you talking about?

TONY

I swear to god.

PEGGY

What?... I'm not going to say anything... I told you.

Tony looks at her like he wants to kill her. Peggy is vulnerable. Tony takes a step towards her and she doesn't move. He moves in closer and she looks up at him.

ADELE (O.S.)

Is something burning in there?

Tony grabs the tape from Peggy's hand and tapes up the box. Adele steps into the closet.

ADELE (CONT'D)
Do you smell that?

She's surprised to see Tony. He sniffs there air.

TONY
What is that?

He quickly dashes into the living room followed by Peggy and Adele. Tony continues to sniff the air when he suddenly realizes...

TONY (CONT'D)
Holy shit, there's smoke.

Peggy and Adele look around and also notice a slight amount to smoke filling up the living room.

ADELE
Where's it coming from?

Tony runs into the kitchen and looks behind the oven and refrigerator.

TONY
Just start grabbing things and get them out of here!

Peggy and Adele have no clue how dangerous the situation could get at any moment. Peggy picks up a wine glass and heads for the bottle of wine. Adele continues to look around living room.

ADELE
Isn't that just the weirdest thing?
Where's is it coming from?

Tony darts past them on his way into the bathroom.

TONY
Come on! What are you doing? Pick something up and get the hell out of here!

Peggy grabs the last two bottles of wine and heads out the door. Adele grabs artwork from the walls and also heads out the door. Tony takes a quick look around the bathroom and then runs into the bedroom.

There are two large boxes in the room. One is filled with Tony's clothes and the other is filled with Shelby's clothes. Tony grabs his clothes and quickly runs out of the room.

The living room is now filled with more smoke. He goes to his desk and grabs the small velvet case and the bag of weed from the drawer then crouches and quickly gets out of the apartment.

EXT. APARTMENT BUILDING

Tony burst out the door carrying his box just as Mario, Chase and Jersey approach him.

TONY
Call 911!

Mario whips out his cellphone.

JERSEY
What the hell is going on?

TONY
Something's on fire!

CHASE
Your apartment?

TONY
No, it's not my apartment. I
couldn't find anything burning.

CHASE
Is it my apartment?

TONY
I don't know.

Chase takes off into the apartment building.

TONY (CONT'D)
Chase don't.

MARIO
How do you know something's on
fire?

TONY
There was smoke everywhere. I
grabbed my stuff and got the hell
out of there.

Mario snaps his phone shut.

MARIO

They're on their way. They said to make sure the other tenants are out of the building and everyone should get to the other side of the street as quick as possible.

JERSEY

Did you get your stuff out?

TONY

Most of it. I got the important things out.

ADELE

Thank God Shelby was gone with Edison.

TONY

Yeah.

The sound of approaching SIRENS gets louder. Tony looks at the building.

JERSEY

Where was the smoke coming from?

TONY

I don't know. I looked everywhere. Must be someone else's apartment.

In a drunken stupor, Peggy proclaims...

PEGGY

I know where the smoke was coming from.

Peggy has everyone's attention and it's obvious she enjoys it so she milks it for all it's worth. The SIRENS get louder

ADELE

Well come on girl. Aren't you going to tell us?

Peggy giggles.

PEGGY

Yeah.

TONY

Where?

JERSEY

Where's the smoke coming from?

PEGGY

From me silly. Cause I'm hot.
Smoking.

The SIRENS stop. Peggy takes drink of wine and has a laugh by herself, but everyone else isn't as amused.
